DR. VIKHE PATIL FOUNDATION

ABOUT FOUNDATION
Dr. Vithalrao Vikhe Patil Foundation was established in 1982. To fulfill the visionary thoughts of Padmashree, his worthy son Late Hon. Dr. Balasaheb Vikhe Patil (Padmabhushan Awardee), Former union minister, Govt. of India, has started number of institutes in rural area in the field of Engineering, Management, Agriculture, Pharmacy and Medical Sciences.

INSTITUTIONAL PROFILE
Dr. Vithalrao Vikhe Patil Foundation's College of Pharmacy was established in 1994, with a 4 year degree course in Pharmacy (B.Pharm) with an aim to impart quality research and industry oriented education for excellence in the field of Pharmaceutical Science to the future pharmacist. At present the institute also offers Post Graduate Course M. Pharm. (Pharmaceutical Chemistry, QAT, Pharmacology & Pharmaceutics) and Ph.D. research programme.

THEME
Diabetes mellitus is one the most common non communicable disease affecting a large number of populations. WHO estimates about 350 million people in the world have diabetes, with direct cause of some 1.5 million deaths. Around 90% of people with diabetes have type 2 diabetes mellitus. From the onset of the disease until the symptoms develop, many people with undiagnosed diabetes already have complications such as chronic kidney disease, heart failure, retinopathy and neuropathy. Early detection, diagnosis and cost-effective treatments can save lives and prevent or significantly delay devastating diabetes-related complications. Looking into this need; an attempt is being made through this seminar to bring together the practicing physicians, scientists and researchers to discuss the recent concerns, advances, future strategies in the management and research in type 2 diabetes mellitus.
