Title	:	Two Days State Level Seminar on "Quality Assurance of Herbal Medicinal Products: Past, Present & Future"		
Funding Agency	:	Savitribai Phule Pune University, Pune		
Name of Program Director	:	Prof. A. P. Deshpande		
Date	:	6 th February 2020 to 7 th February 2020	Venue	Seminar Hall
Number of delegates	:	116		
Summary/ Brief Report	:	<p>Herbal medicines have long earned reputation as "the people's medicines" because of their easy accessibility, safety, and the ease with which they are prepared. Generally it is believed that the risk associated with herbal drugs is very less, but reports on serious reactions are indicating the need for stringent government regulation which is crucially important to ensure the quality, efficacy and safety of herbal products was the highlight of the seminar.</p> <p>During these two days of seminar different aspects of phytochemical and pharmacological researches on medicinal plants and herbal medicines and efforts which are being made to isolate and identify their active chemical constituents and to substantiate the claims of their efficacy and safety were discussed. Eminent speakers highlight future prospects of herbal medicines and their products and how they may emerge as good substitutes or better alternatives for synthetic chemicals-based allopathic drugs or may even replace them.</p> <p>The inauguration of program was done by respected dais by doing Saraswati Poojan. Keynote address was given by Dr. M. G. Kalaskar.</p>

ABOUT FOUNDATION

Dr. Vithalrao Vikhe Patil Foundation was established in 1982 to fulfill the Visionary thoughts of Dr. Vithalrao Vikhe Patil (Padmashree Awardee). His worthy Son Honorable Late. Dr. Balasaheb Vikhe Patil (Padmabhushan Awardee), Former Union Minister, Government of India has started several educational institutes in rural area in the field of Engineering, Pharmacy, Management, Agricultural and Medical Sciences to uplift the rural masses.

INSTITUTIONAL PROFILE

Dr. Vithalrao Vikhe Patil Foundation's College of Pharmacy was established in 1994 with a four-year degree course in pharmacy (B. Pharm.) with aim to impart quality, research and industry oriented education for excellence in the field of Pharmaceutical Sciences to the future Pharmacist. At present the institute offers post graduate course in four specializations (M. Pharm.) Pharmaceutical Chemistry, Pharmacognosy, Pharmaceutical Quality Assurance, Pharmacology and Ph.D. Research program. The institute is accredited by NAAC with Grade 'B' and Permanently Affiliated with Savitribai Phule Pune University.

SEMINAR THEME

Herbal drugs are commonly used in various communities of the world. The popularity of the herbal increased in the past decade, probably due to increase in allopathic drugs prices and due to their adverse reactions. In India, peoples are often using herbal products especially in the rural areas because of availability, affordability and safety. Herbal products are safer and harmless but most of these products contained toxic and lethal concentration of toxic heavy metals, the heavy metals and other toxic Contamination in herbal medicines may occur due to polluted environment in which the medicinal plants grows, the storage conditions or during manufacturing of the final Dosage form. The purpose of this seminar is to discuss importance of quality control and Quality assurance of herbal medicinal product. Quality assurance (QA) is a method that is defined as all those planned and systematic actions required to provide assurance that a product will satisfy given requirements for quality. Herbal drugs have been used since ancient times as medicines for the treatment of a range of diseases. Medicinal plants have played a key role in health benefits.

OBJECTIVE

Our main objective behind seminar is to provide information And new idea for future activities to improve quality of herbal products. to orient teachers And students in emerging areas of herbal medicinal products. to train teachers and Students in traditional, current and future trends of herbal medicines.
